

# STATEC IDEP

The future authentication process works as described below:

Log in as you did before:

- Enter your username and password.
- The application shows partially the email addresses registered in the system for the given login. Enter the correct e-mail address to which the system will send the login in the "E-mail" field and click "Login".

**Enter your identification number and password:**

Id. number  
1122330400

Password  
\*\*\*\*\*

Please provide the email address where you will receive a one-time access link (you may use any of the known addresses hinted at below).  
Je ... sa@St ... lu  
Xa ... sa@St ... lu  
Yv ... en@St ... lu

E-mail

Check this box to skip email-authentication.  
You will be requested to carry out email-authentication at least once every 5 days, therefore this option may not apply until you have successfully logged in.

The link will be sent by e-mail to this address if it is registered correctly in the company's settings on the Idep.Web site.

**Enter your identification number and password:**

Id. number  
1122330400

Password  
.....

An email with a one-time access link has been sent to 'Je ... sa@St ... lu'.  
Please check also your junk email folder.  
You may now close this browser window.  
You will need to come back to this same browser within 30 minutes to complete the process.  
Therefore, we recommend that you keep this browser open (you may close this browser window though).

**Enter your identification number and password:**

Id. number  
[ ]

Password  
.....

Check this box to skip email-authentication.  
You will be requested to carry out email-authentication at least once every 5 days, therefore this option may not apply until you have successfully logged in.

By checking the box, you will be able to log in for 5 days by indicating only your username and password.

### Email sent by the Idep.Web application

Dear mr Jossa

This is the IDEP.WEB login verification for user ID: 1122330400, do not reply to this email.

Simply click the link below:

[Complete your log in process](#)

You can also copy this link <http://idep-test/IdepWeb/Secure/Login.ashx?ID=L6CAoXsnoqBbyJ5xGZz1w%2FMdYtOhW3D&l=EN&zt=185CA9BD&sid=bzic5fxbwhbthndcvirg2e3z&eo=bswsOpt9jSSRXAJ2fHfMeJy3Avily93pngTFvDNOB> and paste it in the address bar of your browser.

If you did not request this mail, this means that somebody is attempting to log in with your credentials. We strongly recon

For further information or in case of problems, please contact the IDEP help desk.

Kind regards,  
The IDEP help desk at CNA

Please use the same browser as where you initiated the process.
